Do not raise the locker, because the following steps (plinths or legs installation, lockers joining) are done in lay down position. Appropriate instructions are included in the specific package.

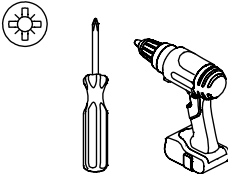

Heben Sie den Schrank nicht an, da die folgenden Schritte (Montage der Sockel oder Füße, Zusammenfügen der Schränke) in liegender Position durchgeführt werden. Entsprechende Anweisungen liegen der jeweiligen Verpackung bei.

Évitez de soulever le casier, car les étapes suivantes (installation des socles ou des pieds, jonctions des casiers) se déroulent en position horizontale. Les instructions appropriées sont insérées dans l'emballage spécifique.

It is recommended that door installation would be final stage of lockers' assembly.

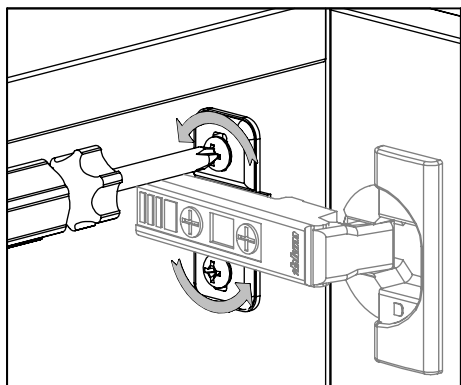

Es wird empfohlen, dass der Türereinbau der letzte Schritt beim Zusammenbau der Schließfachschränke ist.

Il est recommandé que l'installation des portes soit la dernière étape de l'assemblage des casiers.
